

2019 EDITION

The SAILCLOTHS

The **HAMPTON'S SAILCLOTH TENTS**

Launched in Spring 2018, our Sailcloth Tents are quickly becoming our most popular tent style! Combining the practicality of a more traditional shape, with the impact of an imposing height and modern, clear sided walls makes these tents totally unique. The seams of their parachute-style canopy sweep down from the 6-meter wooden support poles, creating a grand sense of space and style.

“I just wanted to say thank you for a top service!

We had the best day and night. The tent was amazing and just made the day all that more special. Rob and his team were incredible and very efficient. Rob has a way of making you feel at ease and his ‘can do’ attitude made the whole day of setting-up and taking down the tent, stress free.”

REBECCA & STEVE | WEDDING 2018

YOUR EVENT

At the Cambridge Tent Company, we recognise that your plans are unique and we are here to help your event go as smoothly as possible. We do not offer package deals because we understand that no two events are the same. Instead we tailor your hire to suit your requirements, style and budget – down to the last fairy light.

The Cambridge Tent Company are proud to offer a very competitive rate on our Sailcloth Tent hire. As a guide, hire of a single-pole Hampton starts from £2,300.00

The hire cost on our full range of items is available on request, please contact us directly for a Price List or bespoke quote – we'd love to hear from you.

1 POLE HAMPTON

14 METERS DIAMETER | A GREAT SIZE FOR UP TO 100 SEATED GUESTS
Please ask for further guidance on how much room to allow for your guest number.

The single pole Hampton is 14 meters in diameter, with a 6-meter-tall support pole. With straight sided walls that can be left on as clear panels or rolled up to further enjoy the outdoors, this smallest version can seat up to 100 guests depending on your table style,

Round tables make a space feel more formal and are great when more guests than not would be more comfortable on a chair than a bench.

We’ve added a 6th round in unused centre space next to the central pole, but this whole central area could be kept free, to turn into an informal dance space later in the day.

Our barrel bar can be used to hold kegs or kilner dispensers for an informal serve-yourself bar set at the tent’s edge. Or it’s great as a cake display table.

A small stage of 6x8ft gives enough room for a 2 man acoustic band or DJ to set up for entertainment.

Make the most of a smaller space by encouraging guests outside too with a fireplace and comfortable seating.

2 POLE HAMPTON

14 METERS X 20 METERS | A GREAT SIZE FOR UP TO 150 GUESTS WITH ROOM FOR DANCEFLOOR OR BAR.

Please ask for further guidance on how much room to allow for your guest number.

The clear sided walls mean that views can be enjoyed in panoramic, come rain or shine. The best bit about these walls is that they can be added, or rolled up and away, at a moments notice. So the Great British Weather needn't put a dampener on your party once the rigging team have left the site. You have the flexibility to change the spaces, as often as the changeable weather demands.

Maximising the use of a single-space can sometimes mean that to make the most of all that's available, moving tables after the wedding breakfast can transform a space from day to evening. Here we've shown banquet tables for 120 guests with 6 tables highlighted which could be moved after the meal. It can be a great option to have seating outside in warmer months and by taking these end tables away, the dancefloor space is increased and access to the bar is clearly defined.

Round tables can be moved into a number of shapes within the round-ended shape of the Sailcloth Tents. This is just one example showing them in straight, evenly spaced lines. However, placing these closer to the edges with a smaller bar could give room for up to 15 rounds and dancefloor in the 2-pole Hampton. The symmetry helps keep the style feeling more modern. The black-tile dancefloor is flatter than the wooden versions, allowing for a 12th table to be placed on top to maximise floorspace. Just half of the large round bar is used to create a crescent shape, mirroring the shape of the tent to great effect.

3 POLE HAMPTON

14 METERS X 26 METERS | OUR BIGGEST SAILCLOTH WITH A MAXIMUM SEATED CAPACITY OF UP 250 GUESTS(!)

Please ask for further guidance on how much room to allow for your guest number.

A great size for a truly impressive space. Whether you include our brand new, large round bar (*as pictured*) as a centre piece; or want to host a colossal dancefloor, this largest of options will likely hold it all. With room for up to 250 seated guests. This picture is a great example of how our Stretch Tents can be hired in tandem with our Sailcloth Tents to create separate bar / dancing spaces.

Long banquet tables are perfect for seating more guests in less space as they take up less room without needing space between the individual tables, as with rounds or bistro styles. The example below shows how a large top table of 12 could be added on one end to create a more traditional layout; or, with option 2, an informal ‘top-table’ style which just removes the chairs directly in front of the bridal party and allows them to be sat in amongst the rest of the guests.

The barrels have been placed down the centre as stands for decoration in place of hanging florals – these could be joined with table tops to create a grand central focal point for either florals or food.

Many couples are choosing to use our nonagon (or ‘tipi’ shaped) dancefloor in the end of the sailcloth as the rounded shape fits well into the rounded end of the tent.

The impressive scale of the 3-pole Hampton makes it ideally suited to grand styles, reminiscent of balls or lavish parties. With the dancefloor placed centrally and guests sat around, this is a formal example of how this can be used to great effect. The barrel bar shown on the dancefloor is a great place to display the cake or show off a decorative feature. The large round bar fits around a supporting pole, with trestles laid about for more casual seating later on. These could be swapped for chill-out sofas or space for photographs/buffet table/glitter bar(!). This arrangement shows 15 tables of 10 for a total seated capacity of 150 guests. However the bar and/or dancefloor could easily be substituted for additional seating to cater for larger parties, and if all but tables were included, this large tent can hold up to 250 guests for a sit down meal.

Floorplan Example	5	CLIENT	CAMBRIDGE TENT COMPANY	NO. OF GUESTS:	UP TO 250
		NAME	The Central Dancefloor	NO. OF SEATED:	SHOWN 150

The image shows the interior of a large, white, circular tent. The floor is covered with a light-colored, textured carpet. Several round tables are set up, each with a white tablecloth and surrounded by dark wooden chairs with light-colored seats. In the foreground, there is a decorative arrangement featuring a large, rusted metal barrel filled with tall, dried pampas grass and greenery. Next to the barrel are two stacked, old, brown leather suitcases. The tent's structure is visible, with wooden poles and white fabric walls. The background shows a view of a green landscape through the tent's opening.

CREATING A FLOORPLAN

CAMBRIDGE TENT COMPANY ARE EXTREMELY PROUD TO OFFER OUR BESPOKE, FLOORPLANNER TOOL TO OUR CLIENTS.

As a starting helping hand to our Enquiries, we are pleased to offer this as a printable version so you can be sure that the Hampton's Sailcloth is your perfect Tent.

YOUR CREATION

Use the floorplans below to design your own Sailcloth Tent interior. Simply print out the following pages and cut/paste the items to help visualise how your event might look. *All designs are 100% scale.*

‘TAKE A SEAT’

All of our seating numbers/table arrangements have been made with useable free space left available. It is entirely your decision how these are laid out and the arrangements below are as a guide...

HORIZONTAL BANQUET
15 TABLES + CHAIRS/BENCHES IN LONG ROWS TO FIT BETWEEN CENTRAL POLES OR POLE TO EDGE as shown seats (90)

VERTICAL BANQUET
14 TABLES + CHAIRS/BENCHES IN LONG ROWS TO FIT BETWEEN CENTRAL POLES OR ROUNDED END. as shown seats (84)

FURNITURE & FINISHING TOUCHES

The Cambridge Tent Company are proud to be able to offer bespoke floorplans for our clients. On booking you will be provided with a fully editable, digital copy of your sailcloth configuration with chosen items included to scale.

With years of experience in setting up our tents and furniture, we are pleased to help and offer advise on suggested configurations, but ultimately, we are here to help bring your ideas to life and are delighted to see new, unexpected layouts. We believe that this tailor made tool, brand new for 2018, demonstrates that our personable service is as helpful as it could possibly be and hope that it proves an invaluable aid in the planning of your Big Day.

We'd love to see your design ideas – do feel free to email them to us!

For further, detailed information on our individual furniture hire items, please see the FURNITURE page of our website.

ALL OF OUR SAILCLOTH TENTS HAVE A COUPLE OF WHITE OPAQUE WALLS AVAILABLE.

These can be added in place of the clear-panels — particularly useful if there is a side with catering tents, loo's, rubbish bags or generators which might want to be hidden from view. Or simply to create a focal backdrop, as shown below, behind our half-round bar!

HOW WE WORK

1. If you like our Hampton's Sailcloth tent and would like to find out more and enquire about your own event then get in touch via our contact page or email. If you prefer to chat, then give us a ring; we love to talk about party plans and wedding ideas.
2. Have you checked our Frequently Asked Questions – you may find your answer there.
3. Once we have the details of your event we will tailor a quote to suit your requirements. All of our quotes are bespoke and prices available on request.
4. You are welcome to make changes to this quote and ask for advise on any aspect of planning or hire where we may be able to help. Once you are happy with the details we will send you confirmation of the booking, with a 25% deposit of the hire cost required to secure requested items for your chosen date.
5. Keep in touch! Visit our Open Days and let us know how planning is coming along. If you need to make amendments to your booking just let us know; subject to availability and terms of hire we will make any changes required.
6. The 6 week check-in; please speak now or forever hold your peace. We will drop you an email to check that all items for hire are correct., giving you 2 weeks to tweak where necessary.
7. 4 weeks before your event date the balance on the invoice is due; we will check the details of your booking with you and stay in contact in the lead up to your date where forecasts will be watched and plans for install finalised.
8. With install and collection dates confirmed for a 48-hour hire period you're ready to go. We try to schedule this with a day left clear for decorating. Where more time is needed we will aim to accommodate your needs and extended hire can be negotiated where required.
9. Collection! We will be with you on your pre-arranged collection day to clear the site and put all back to normal. Do stay in touch – we love to see photos and hear all about the day.

FAQs

*The T*ENT

Which tent size will I need?

It all depends on your guest number, and how you plan to use the space. As a good guide we suggest that up to 100 guests can be seated in the single-pole Hampton; up to 180 in the 2-pole and a maximum of 250 in the 3-pole. Where a dancefloor is required you may want to dedicate more floorspace to save furniture moving; and bars can be put along walls or housed in their own bar-tent. The best way to plan is to get in touch and our expert team will help you design a space best suited to your requirements.

How big are the tents?

The single-pole, round Hampton is 14 meters in diameter, giving 154 sq/meters of floorspace. The 2-pole is 14x20 meters (280 sq/m) and the 3-pole is 14x26 meters (364 sq/m). The central supporting poles are 6.5meters tall.

What about the walls?

A Sailcloth Tent is made up of a canopy, supported by 1 or more tall, central poles and shorter external poles. Panels can then be added between the external poles to create walls on the tent. These wall panels are clear to allow maximum light in and to take in panoramic views of your location but a few opaque, white wall panels can be put in place where items may need to be hidden from view i.e. catering, generators, loos. The unique and useful property of these tents is that the walls can be rolled up by the client once the team is away from site, meaning that the client has the flexibility to alter the look and feel of the space simply and easily themselves.

Can I see the tents before my event?

Of course! We'd be glad to see you at one of our open days, these are usually hosted in the spring and autumn and listed on our website.

FAQs

The SITE

Where can the tents be set-up?

An ideal site is lawned, relatively flat with enough space to accommodate the tent with a minimum of 2 meters around the perimeter for guide ropes.

Other site considerations

Does the site have provision for services; loo's, water and power? We can arrange for the hire of Background Basics on your behalf via our trusted suppliers.

Our tents are delivered by tow on a long wheel base trailer that requires access to the site.

The tent's guide ropes require large stakes to hold them fast to the ground; gas and water pipes must be clear from under the site.

Do you have a list of venues you can suggest?

If you don't have a venue in mind we are happy to suggest a number of local options across East Anglia and point you in the right direction. We only recommend trusted venues where we have previously set-up our tents.

Do you arrange a site visit?

If your venue is somewhere we've not set-up at before we'd be glad to arrange a site visit ahead of your event to check that all considerations have been made. Provisional advice can be given on a site's suitability from photographs emailed to the team.

Delivery and installation costs?

We price delivery/collection on £6 p/mile from our HQ, just outside Saffron Walden, Essex. This price is inclusive of installation and de-rig by our friendly and expert rigging team.

FAQs

The **SETUP**

How long does it take to set the tent's up?

For every one of our bookings we dedicate a full working day for the installation of the tent. Variations on the tent size and additional items hired also requiring delivery and install may also affect the time. The team endeavours to complete install in one day where possible, but advisories will be given where more time seems likely to be required.

How long can we keep them?

Usual hire would begin with install 1 or 2 days ahead of your event, with de-rig and collection the day after. We are always happy to discuss extended hire periods if required.

What about the decoration?

Where possible we aim to give our wedding bookings a little more time between install and the big day to decorate the space. Once erected, the spaces are yours to personalise and decorate however you wish providing all trace is removed ahead of the collection date. Hanging from support poles can be used to great effect and fine to do but we ask that no items are attached to the structures with anything that may pierce or damage the canvas or poles.

Can you provide lighting and furniture?

Absolutely! Please see our furniture page on our website for the brochure of all our lighting options, furniture and finishing touches. Hire of our fairy lights includes their installation (a fiddly task you can thank us for later!).

The **GREAT BRITISH WEATHER**

Are the tents rainproof?

Yes. The tent's we supply have a WeatherShield wall attachment feature which eliminates the gap between roof and wall that can let wind and (bothersome English summertime) rain in on other similar tent styles. This innovative rail design joins the wall to the tent eave, creating a rain-proof seal. The beauty of the Sailcloth tent's is that walls can be rolled up or removed at a moment's notice, making them ideal at adapting to the changeable British weather.

Are the tent's windproof?

Our tents are very strong and durable. Changes to install/de-rig dates where high wind speeds are forecast may be necessary on rare occasions.
